

Civil Advantage is coming to Prince George BC for 2 shooting courses.

Both courses are based on **.22LR or handgun caliber rifle/carbine**.
So far the courses are:

Practical Skills 1:

This is a challenging course that explores team shooting, movement and room entry. The focus is on building strong foundational skills both when shooting alone and in a team environment. Cooperative commands, scanning, covering fire and reloading on the fly will be front and center resulting in a better trained shooter by day's end. These skills will be used in multiple unique environments and scenarios. As distances will be considered CQC, the course can be shot with a pistol or a .22 rifle, preferably both, your choice. This gives the shooter the option to participate with the firearm they most want to develop.

Requirements: PAL, .22 rifle, 2 or more 25 round (or greater) magazines, 500 rounds of any caliber pistol, 500 rounds of ammo, 3 or more magazines. No rifles with heavier than pistol caliber allowed.

Advanced Rifle & Pistol:

This is the most advanced course we have ever offered. In this course we will refine, in detail, dealing with malfunctions, transition from rifle to pistol, reloads, multiple threat engagement all while under stress and wide lateral movement. Special focus will be made on adherence to good habits, reducing muzzle sway and stress inoculation. There will be challenges, competitions and prizes. This is definitely the course that will take you to the next level and not for the beginner.

Requirements: PAL, .22 rifle with sling, 600 rounds of .22, 2 or more 25 round (or greater) magazines, pistol, holster, 250 rounds any caliber pistol ammo, rental kit available.

Prerequisite: Proficiency with a rifle and pistol
