

Attention All Members

Due to the frequent abuse of the guest privilege, the executive officers and board of directors have decided to make it mandatory that all "*guests*" be in possession of a purchased day pass or a 1 day *guest* pass issued by a member of the board info@pgrgclub.ca . Failure to be in possession of a valid pass will result in the expulsion of the guest and the loss of range use by the member until the next meeting. Members are responsible and liable for the actions of their guests.

A day pass may be used towards a purchasing a club membership. Day passes are available at Bon Voyage Sports or from club directors.

Also, the club directors and executive respectfully request that members are vigilant when using the range. There have been a number of incidents of unauthorized persons using the range claiming to be guests. There have been several incidents of vandalism on the range with damage to structures, signs, and range equipment. Anyone not in possession of a valid club membership or day pass will be instructed to leave the premises.

Thanks,

The Executive and Directors
Prince George Rod and Gun Club
