

Dear supporter,

Soon, a committee of MPs will decide who can testify regarding Bill C-391 -- the bill to eliminate the long gun registry. The CTF wants to be one of those witnesses.

Two weeks ago, CTF Federal Director Kevin Gaudet wrote the clerk of the [Public Safety and Security Committee](#) to request this opportunity. In the next few weeks, the witnesses will be chosen.

Many groups would like to present to the committee, and most of them will support keeping the registry. As well, the hearings are brief. A mere six hours of presentations will be made over three days in May.

MPs who support the registry hold the balance of power on the committee and may try to undermine this bill. We must ensure they hear the voice of the thousands of Canadians who support the CTF and support Bill C-391 to eliminate the wasteful long gun registry.

What you can do:

- 1) [Click here](#) to email all 12 MPs on the committee. Ask them to allow the CTF to testify. For more contact info, click the MPs' names on the [committee website](#).
- 2) Email the link to our "End Gun Registry" petition to any of your friends or family who may be interested in signing: <http://www.taxpayer.com/node/9437>
